South Campus Great Garden Improvement Project

The Great Garden Improvement Project of 2021 is well under way! We had a wonderful meeting at the beginning of the month with some parents who generously offered their time to help us plan and prepare for the work that needs to be done. We have set a work day for the garden to be on **Friday, April 30th beginning at 9:00**. There will be a plan set, plants and soil purchased, and hopefully a fairly cleared space by then. If you are able to come and support this

project, we would love to have you! The school does not have the tools needed (eg. shovels, trowels, pruning shears, rakes, etc.) and would ask that you bring what you can to help clear, plant, and trim in the garden. We are also excited about some new projects in development!

Thank you to the many who have given their time, energy and generous donations to make our garden a beautiful and educational space for our students. We look forward to working with anyone who is able to help on the 30th. If you have any questions, please call us or email southcampusoffice@sunset-mesa.com.
